Step 1: Select HPL or TFL for exterior structural panels

See our selection of finish choices at
https://www.mediatechnologies.com/resources/finishes

Enter your selection on "Exterior Structural Panels" line on the last page of this designator.

Note: If choosing HPL for structural panels, the inside of panels can be a different finish selection. (See Step 2).

Note: If choosing TFL for structural panels, the inside of panels and divider panels must match exterior finish.
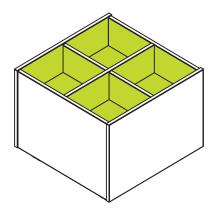

Step 2: Select HPL for interior structural panels/divider panels

See our selection of finish choices at
https://www.mediatechnologies.com/resources/finishes

Enter your selection on "Interior Structural/Divder Panels (HPL)" line on the last page of this designator.
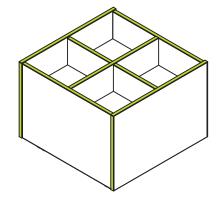

Note: If TFL was choosen in "Step 1", leave this line blank for last page of designator. Interior and exterior panel finishes will match.

Step 3: Select PVC for all edges

See our selection of finish choices at
https://www.mediatechnologies.com/resources/finishes

Enter your selection on " PVC Edges" line on the last page of this designator.
