

WALL WRAPS

Custom Signage

General Specifications

Material: 3M IJ480 w/ 8550 matte laminate vinyl with adhesive backing.
Wall decals can be large scale printed graphics or murals that enhance your branded environment.

Application: The adhesive side of the wall wrap is carefully applied to a prepared surface and covers the entirety of the wall it is applied to. mediatechnologies will install wall graphics in the field.

Contact **mediatechnologies** for details.
