60"D X 60"W X 1.25"THICK
30"D X 30"W X 27.75"H

WORK+BOX ISLAND

1. Pick your Top

Each top is 1-1/4" thick engineered wood with high pressure laminate surface or 1-3/4" thick Maple Butcher Block work surface. Choose a high pressure laminate and make a PVC selection for your edgeband, if applicable. Butcher Block top is self-edged.

2. Pick your Cabinet

Each cabinet base is double-sided, with the same configuration on both sides. Cabinet footprint is 30"D x 30"W for all configurations. Bases are available that, when assembled with top, are 29", 36" and 42"H. Choose a high pressure laminate or a melamine for your cabinet finish and make a PVC selection for your edgeband.

If your selection has doors, you will need to make a lock selection. Door lock options include None (no lock), Alike, Group and Individual.

3. Pick your Options

Power? Other connectivity? Go to our **Connect** brochure, downloadable from our website.

4. Pick your Seating

View our fabulous seating options at www.mediatechnologies.com/products/seating

Work+Box Island mobile cabinet-base tables are available in component form. To order a Work+Box Island mobile cabinet-base table, order each component, top and cabinet, as a separate line item.

To Order, Choose Finish Selections & Options

Work surface: Choose from our selection of high pressure laminates or a butcher block top.

Edges: Choose from our selection of PVC edgebands.

Shelves: Choose from our selection of high-pressure laminates, if applicable.

Cabinet: Choose from our high-pressure laminates or melamines for your cabinet finish and doors, if applicable.

See **mediatechnologies'** finish selections at <https://www.mediatechnologies.com/resources/finishes>

General Specifications

Table Top: Available worksurfaces are 1 1/4" thick, three ply 45# particleboard construction with .050" high pressure laminate top surface and a .030" phenolic backer. Edge is 3mm PVC with a 1/8" radius top and bottom. Available worksurface shapes are Round, Square with Radiused corners, "Clover" and "Macaroon". A 1-3/4" thick maple butcher block worksurface is available in square with radiused corners or round shapes.

Cabinet Base: Main cabinet modules are constructed of 3/4" thick three ply particleboard with either high-pressure laminate or thermally fused laminate throughout, with exception of base, which is 1-1/4" thick. Cabinets are assembled using glue and dowel joinery.

Cupboard Door: is constructed of 3/4" thick, three ply particleboard with high pressure laminate or thermally fused laminate faces and edged on all sides with 3mm PVC. Door hardware includes loop pulls (P2) and concealed hinges (H3), fully adjustable in all 3 axes.

Adjustable Cupboard Shelf: is 3/4" thick three ply engineered wood with high-pressure laminate faces. The exposed edges are edged with 3mm PVC. Shelves are adjustable on 32mm increments.

Full 4-sided Drawer Boxes: use 3/4" thick material with high-pressure laminate or thermally fused laminate with 3mm PVC edges. Drawers feature loop pulls (P2) and a full-extension slide.

TOTR Toto Tote Rails are mounted to allow for the use of TOT03- & TOT06- Toto Totes. Totes are sold separately and can be found at: <https://www.mediatechnologies.com/product/totes>

3" casters are mounted to bottom through a steel plate using 4 wood screws each.
