CESAR T-BASE, V-BASE, 2V-BASE & S-BASE TABLES

- Table tops are 1-1/4" thick, with high-pressure laminate tops.

- Table top edgebanding is 3mm PVC.

- Table top corners are available squared* or with a 2" radius.
  *Note: Sprocket, Roungle, Beanie, Flair and Wave tables receive 2" radius corners.

- T-base has 2-1/4" diameter powder coated steel column with horizontal cast aluminum base with leveling glides and steel mounting plate.

- V-base has 2-1/4" diameter powder coated steel column with horizontal cast aluminum base with feet forming a "V" at a 90-degree angle, leveling glides and steel mounting plate.

- 2V-base has two 2-1/4" diameter powder coated steel columns with horizontal cast aluminum base with outside feet at 90-degree angles, leveling glides and steel mounting plate.

- S-Bases are singular 2-1/4" diameter powder coated steel column with bolted horizontal cast aluminum single-foot base and fabricated steel mounting plate.

- Steel base columns and aluminum feet can be specified to receive different powder coats. Column and foot will receive the same powder coat unless specified otherwise

- Optional Flip top mechanism: Two-part steel mechanism is joined via a pivot system. To indicate Flip Top at "FT" before height indicator in model number.

- Tables are available with levelling glides, locking swivel casters, or a combination of the two. Tables with flip-top mechanism come with casters unless specified otherwise.

General Specifications

Table Top: Work surfaces are 1-1/4" thick, three ply engineered wood construction with .050" high-pressure laminate (HPL) and a phenolic backer sheet. The edges specified for this product are 3mm PVC ("C" prefix to the table size in the part number).

T-Base: One 2-1/4" diameter powder coated steel column with bolted horizontal cast aluminum base and fabricated steel mounting plate. 187"thick x 6"D x 8"W. T-base models are available in single T. Bases are fitted with 1" diameter adjustable glides. Twin wheel locking casters are optional. Casters are available with Black or White hub. Color must be specified when ordering. Add a "B" for black or a "W" for white after the 2C, 3C, 4C or 6C of the model number (i.e. CT20-C2460-29-4CW for white caster hubs).

V-Base: One 2-1/4" diameter powder coated steel column with bolted horizontal cast aluminum V-shaped base with feet at 90-degree angle and fabricated steel mounting plate. 187"thick x 6"D x 8"W. V-base models are available in single V and wide V (2V) versions. Bases are fitted with 1" diameter adjustable glides. Twin wheel locking casters are optional. Casters are available with Black or White hub. Color must be specified when ordering. Add a "B" for black or a "W" for white after the 2C, 3C, 4C or 6C of the model number (i.e. CT20-C2460-29-4CW for white caster hubs).

To Order, Choose Finish Selections & Options

Work Surface: Choose from our selection of high-pressure laminates.

Legs: Choose from our powder coat selection.

Edges: Choose from our selection of PVC edgebands.

Casters: Choose caster. Casters are available with Black or White hub. Color must be specified when ordering. Add a "B" for black or a "W" for white after the 2C, 3C, 4C or 6C of the model number (i.e. CT20-C2460-29-4CW for white caster hubs.

● FLIP TOP

*To indicate Flip Top option add "FT" before height indicator in model number.

S-Base: One singular 2-1/4" diameter powder coated steel column with bolted horizontal cast aluminum single-foot base and fabricated steel mounting plate. 187" thick x 6"D x 8"W. Bases are fitted with 1" diameter adjustable glides. Twin wheel locking casters are optional. Casters are available with Black or White hub. Color must be specified when ordering. Add a "B" for black or a "W" for white after the 2C, 3C, 4C or 6C of the model number (i.e. CT20-C2460-29-4CW for white caster hubs).

Flip Top Mechanism: Two-part steel mechanism is joined via a pivot system. Upper component attaches to underside of work surface using 1" #12 wood screws. Lower component bolts to leg frame via a threaded insert. Flip top mechanism is only available on single column bases. Tables with Flip-top mechanism come with casters. To indicate Flip Top add "FT" before height indicator in model number.

Note: *Steel base columns and aluminum feet can be specified to receive different powder coats. Column and foot will receive the same powder coat unless specified otherwise.*
