Colson Group USA believes that the information it provides above is accurate. The provided information is based upon data obtained from ongoing due diligence concerning goods and materials provided by third party suppliers. Colson Group USA provides such information "AS IS", without any express or implied warranty of any kind. Colson group USA reserves the right to update and modify this communication, as it believes necessary or appropriate.

Colson Group USA's due diligence program consists of the following methods for verification:

- Actively solicit supplier data and declarations of compliance
- Documentation review of bill of materials, blueprints, material and test reports, and certificates of conformance
- Internal testing using XRF testing and chemical analysis of restricted substances

Should Colson be made aware of chemicals in our products that are not compliant to the EU RoHS directive, we will actively work with our Suppliers to replace those chemicals and in some cases, find alternative sources should the Supplier not have the capabilities to support this important initiative.

Please do not hesitate to contact our environmental compliance department via email at compliance@colsongroup.com to ask for further information.

Kind Regards,
