

Heritage Chairs

Seating

General Specifications - Heritage

Chair: Heritage Rocking chairs are constructed of solid oak. Chair uses a "swelled joint construction", which is a technique that allows for changes in moisture to create an interlocking joinery without the use of screws or glue. Seat is made of solid oak strips that are double scooped to create maximum comfort. There are three cross members that connect to the vertical posts on the front and sides of the chair. The rear of the chair under the seat is constructed with two cross members. Above the seat there are two large cross members, which also support the vertical rails of the back. The curved base pieces are attached to chair frame via a locking joinery and a nail.

Double Scoop Seat 16" x 21" x 15 3/4"H
Overall Back 41 1/2"
